Dear Chairs Hoeven and Aderholt and Ranking Members Bishop and Merkley:

We thank you for your attention to the USDA proposal for the Economic Research Service and the National Institute of Food and Agriculture. With USDA funded through December 7 on a continuing resolution, we write to respectfully request you exercise your authorities to convey to USDA that it not take any action to implement any part of the relocations and realignment prior to your action on a final bill.

There are many questions in the USDA community about the justification, rapid timeline, and the ramifications of the moves. We believe the justifications and ramifications should be thoroughly examined and understood before USDA moves forward with either the reorganization or the relocations.

Thank you in advance for your consideration of this request. We would welcome the opportunity to further discuss these issues with you.

Sincerely,
